After high school attended Iowa Beauty School in Des Moines - 1962 to 1963. Returned to Poky and opened a child day care before moving on to the Pocahontas Manor and then to Pocahontas County Home Health Care.

In 1999, moved to West Des Moines and became involved in food services working for son-in-law, Jim Shimon, at The Hungry Hobo Deli. Annie's Home Cleaning Services or as the wives she cleans for refer to it "Annie' Marriage Preservation Service" came soon after. Today, while still cleaning houses part time, helping daughter, Kelley, manage her child day care.

Still interested in sports, especially the ones the grandkids are involved in which makes it a year round activity times eleven. Oh and Go HAWKS. Golf has become a thing of the past. But the State Girls' Basketball Tournament still brings back lots of good memories of what we accomplished which am told gets bigger and better every year!

Recent favorite get-aways have included the Virgin Islands and the Gulf Coast of Florida.=
