

I finished 3 yrs of nursing school in 1965 at Rochester, Mn and completed my degree later during my working years. Most of my career was in Post Anesthesia Recovery at Methodist Hosp. in Rochester. After 31 years and age 55, I pulled my pension early so John and I could travel in the Winter and pursue other interests. For 4 summers after that, I picked up supplemental hours at the hospital right where I had retired from, and; I then took the postal exam. I worked 4 summers as a substitute rural mail carrier here in Cannon Falls.

I married Paul Kintop in 1967 and later divorced after 20 yrs. Two years later I met and married John Lind and now we have celebrated our 21st anniversary. I have 3 children and two grandchildren. My Mother is well and still lives on the farm over by Ware.

We live near Cannon Falls, Mn on 27 acres of mostly woodland in an earth sheltered home built by John in the 80"s.

Looking forward to seeing you all next month!

Donna Lind (Clark)
