

9-20-12

To the Class of '62:

"Short Blurp" Vicki Anderson
After graduation went to Drake
College of Pharmacy for 2 years of
chemistry, biology & physics -
What was I thinking! In
summer of '64 met my first husband
Jerry Tate & decided for some un-
known reason decided to quit school
& get married - Daddy got drunk!

Two kids & 7 yrs later I got a
BS degree in high school science education
from Buena Vista in Storm Lake.

In '72 we moved to Ruidoso NM
where a bad marriage eventually fell
apart - After moving to El Paso, TX
in '75 went back to night school
and starting taking accounting classes.

That's also where I met my
current husband Sonny. In '81
we moved to Santa Fe NM.

Eventually I got my CPA certificate
& became a partner in a local firm.
In '94 we moved to Kerrville where
I opened my own practice.

I might add I am sooo glad
I retired from tax preparation
and don't have to deal with the
IRS anymore!

We wish we could have been
there for the reunion - but due to
the relatively sudden turn in
Sonny's health we just can't travel
right now. Many thanks to Michelle,
Doug & Bob for his patience in
dealing with my computer challenges
